

# CT-PLL

## PLL Trainer

---

### Salient Features:

Demonstration of a Phase Lock Loop and its applications

### Specifications:

Based on NE 565  
Phase Detector  
Low Pass Filter  
Voltage Controlled Oscillator  
Input Sources: 2 Nos.  
Power Supply: In-built

### List of Experiments:

Study of Phase Detector  
Study of VCO  
Frequency Multiplier  
FSK Demodulator

---
