

CT-RTD

RTD Trainer Kit

Salient Features:

Study of Characteristics of RTD
Measurement of Temperature using RTD
Constant Current & Bridge Technique
Lead Wire Compensation
Microprocessor based Linearization
Standalone System

Specifications:

- 3 – wire Pt-100 RTD
- Lead Wire Compensation Circuit
- Constant Current Source
- ROM Linearizer
- Bridge Type Measurement Circuit
- In-Built Power Supply
- Borosil Beaker
- Heater
- Glass Thermometer
- Resistance vs. Temperature Chart
